

## what the heck is a social store?

Brandize stores add social context to your non-profit or charitable cause. Integrated directly into a Facebook Page or website, your fans can create products with your graphics, you log and/or honor badges that personally endorse your cause. You can also turn off the logo & badge functionality resulting in more traditional licensed products. Either way a Brandize store is a great way to raise money for your cause and leverage current supporters for visibility.

## what about the customer experience?

Our Technology is simple & seamless. No complicated virtual design tools, just a few clicks and done.

- 1) Pick a product category from the home page
- 2) Select your product type or model
- 3) Pick your favorite image from the library
- 4) Reposition images & other elements if desired
- 5) Preview & place your order!

## what makes Brandize different (aside from the social awesomeness)?

- **ENDORSEMENT:** Create a community of proud advocates that transcends Facebook Page likes
- **PORTABILITY:** Stores nest within the iframe of your current site & Facebook page for brand continuity
- **MARKETING CONTROL:** You control how and when you promote or market your store
- **SPEED TO MARKET:** Brandize can launch your store in about a day upon receipt of your digital files
- **LOW MAINTENANCE:** We handle all development, processing, manufacturing and billing
- **TIMELY:** Add new images or dedications any time to keep current with what's important to your cause
- **RISK FREE:** No inventory commitment, no complicated contracts, no minimums – ever!
- **AVAILABILITY:** Because there is no pre-decorated inventory, merchandise is never out of stock

Product options range from iPhone cases to T-shirts (boy do we have our sources!) and ship in one-piece increments within 1 business day.

## how does it all add up?

1. No upfront cost to develop, launch or manage your store
2. Royalty is paid quarterly on all products sold
3. Together, we create discounts & special offers to help drive sales
4. Flexible pricing to meet your marketing plans & revenue goals

## how do we get this thing going?

1. You provide artwork for the banner on the store's home page
2. You provide high resolution jpg images for your client library
3. You select a merchandise collection from our current product options
4. Deploy your store on your Facebook Page and/or website
